Here is the question, how good is video downloading? The answer is simple, if you are a fan of videos, you might need to know. And that's exactly the reason why this app was created. The developers at Kigo were quite inspired by the availability of so many videos on the internet. There are a few apps like this out there. The best one is called Downloader HD. The app is named after its capability of managing files on the device's SD card. It also has the option of putting videos into individual folders for easier browsing. There's also a way to directly upload videos to the app. The best thing about this app is that it offers unlimited storage for videos. And its interface is quite simple. No matter how great this app might be, you cannot download only one file. There are a lot of files on the app. And the default number is set to 50 files. If you need more, you need to search for them. The videos can be downloaded in a single session, a few at once or as many as 50 at a time. And this app is not limited to only files from YouTube. You can download videos from many other streaming websites as well. The name and the description might sound complicated, but the developer ensures that you can download videos without any issues. If you are a fan of certain videos and you want to keep the collection safe, you might want to consider downloading videos using this app. Aside from the videos, you can also download text files, images, music, and even movies. This app doesn't take up a lot of space. In fact, the free version is good enough to download and save videos. This feature is available on both the paid and free versions. The developer said that they are working on giving users a better experience. And they are quite sure to improve the app in the near future. In conclusion, this is a great video downloading app that has a lot to offer. Aside from the fact that there are a lot of video downloading apps available, this one stands out from the crowd for various reasons. And if the developer does his job well, then we can expect a great improvement in the future.
