He shared details about their love on the couple's Instagram account. "I was the only girl that was ever her friend," said his girlfriend, Neece. Neece and Pete have been together for three years. But after dating for so long, the pair couldn't keep their relationship a secret anymore. "He was, like, 'I want to tell you something,' and then he told me and I was like, 'When?'" Neece said. Pete said he told his girlfriend he was gay in January, a move he said he made to make their relationship better. "She was kind of struggling with what she was going to do with her life," Pete said. "I wanted her to know I was here for her. I didn't want her to worry about that." The couple said they didn't think anything of Pete's revelation until he mentioned how he'd been brought up by a lesbian couple. "I realized that she probably wasn't the only one," Pete said. And Neece said she saw Pete as a bit of an advocate. "She's more educated, so she understands it more," Neece said. "She knows the obstacles and what it's like in the LGBTQ community." A few weeks after telling Neece, Pete came out to his entire family. They said they are proud of their son and are happy for him. "I don't want him to have to hide that anymore," said Pete's mom, Linda, who knows Pete was gay. "That's my son. I'm proud of that. I'm proud to be his mom." Neece said she's proud of Pete, too. ## System Requirements For AutoCAD:

Supported Graphics Cards: Windows XP only supports a single graphics card. Windows Vista/Windows 7 supports multiple graphics cards, but the NVidia GT 120/GT 240/GT 330/GT 440 cards will not work. If multiple cards are detected they will be installed in sequence from the highest PCI-ID to the lowest PCI-ID, so the Windows 7 installer will not pick up the GT 220/GT 245. Support for AMD 8xxx and 9xxx series cards is limited and requires that graphics be set to PCI-E using the amdccle utility. In addition if you are trying
